

Skylight! Fereastra de mansarda in sfarsit rasfatata si pusa in valoare! Materialele care erau destinate pana acum doar ferestrelor clasice si usilor de balcon, vor acoperi ferestrele de mansarda in culori vesele, dar si elegante. Obisnuite a fi blocate total, acestea au acum posibilitatea de a va oferi lumina filtrata prin materiale fine si unice. Materialele blackout vor multumi in continuare somnrosii, in culori variate si vii, calitatea acestora nemaiavand nevoie de nicio prezentare.
